

UNPAD INTERNATIONAL SUMMER PROGRAM 2026

SAFARI: Sustainable Agriculture, Food, Aquaculture, Resource Integration

This international summer program offers an integrated exploration of sustainable food systems, bridging terrestrial and aquatic environments. Participants will engage with interdisciplinary perspectives across agriculture, food technology, livestock production, and aquaculture, combining academic lectures with hands-on field experiences and cultural immersion.

Sub-Topics

- ★ Sustainable Agriculture and Crop Production
- ★ Livestock and Animal Production for Food Security
- ★ Sustainable Aquaculture and Fisheries
- ★ Food Technology and Post-Harvest Innovation
- ★ Integrated Food Systems and Supply Chains
- ★ Climate Change and Food System Resilience
- ★ Natural Resources Management (Land-Water Nexus)
- ★ Circular Economy in Food Production
- ★ Biodiversity and Ecosystem-Based Approaches
- ★ Innovation and Technology in Food Systems
- ★ Biotechnology

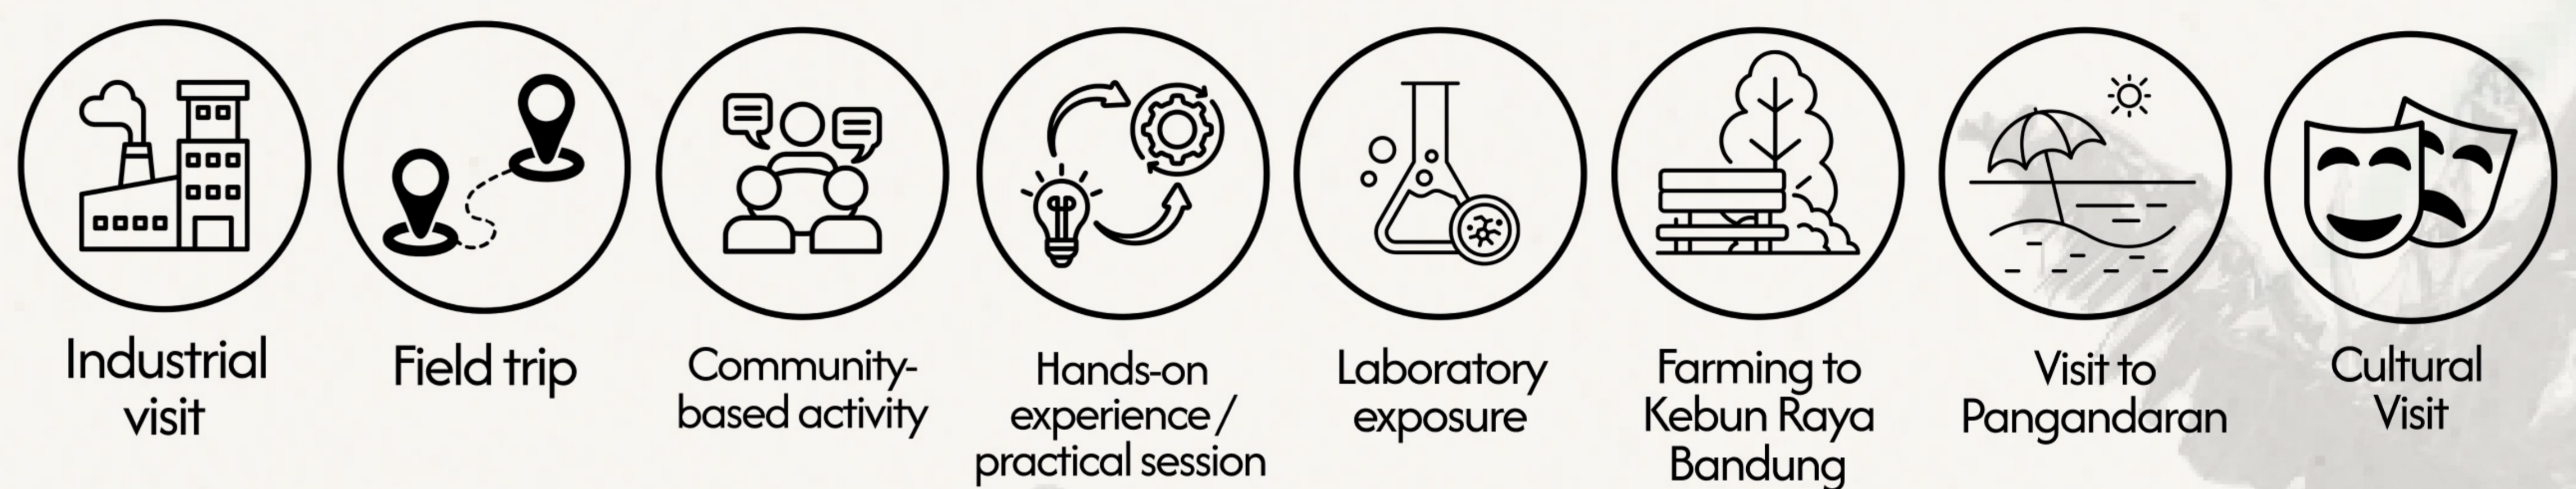

Learning Outcomes

- ★ Analyse food systems using an integrated land-to-sea perspective
- ★ Evaluate sustainability challenges across agriculture, livestock, and aquatic sectors
- ★ Understand the role of innovation in food production and processing
- ★ Interpret environmental and socio-economic interactions within food systems
- ★ Communicate interdisciplinary insights in a global context

Program Date

6-16 July 2026

Activities

Participation

International

- ★ Partner University Early Bird: USD 200
- ★ Partner University Regular: USD 250
- ★ Non-Partner University Early Bird: USD 300
- ★ Non-Partner University Regular: USD 350

National

- ★ Indonesian Citizen (Non-Students) (without accommodation): Rp 2.000.000
- ★ Indonesian Students non-Unpad (without accommodation): Rp 1.000.000
- ★ Unpad Students (without accommodation): Free of Charge (max. 5 person)
