The Department had 03 former heads: Associate Professor, Dr. Ho Thi Lam Tra (2008-2010), Associate Professor, Dr. Ngo The An (2010-2012), and Associate Professor, Dr. Nguyen Thanh Lam (2012-2016)

RESEARCH ORIENTATION

TRAINING

MASTER

- Environmental System Analysis
- Integrated Environmental Management
- Systematic approach in environmental research and development
- Development and environmental protection
- Advanced hazardous waste management
- Advanced environmental research method

BACHELOR

- Environmental Management
- Human and Environment
- Cleaner Production
- Environmental Audit
- Landscape Geography
- Hazardous Waste Management
- Environmental Education and Communication
- Environmental Research Methods
- Environmental Administrative Management
- Environmental Management: Fractice
- Environmental Administrative Management: Fractice.
- Waste Audit Project

INTERNATIONAL COOPERATION

Copenhagen University (Denmark), Nagoya University - IGES (Japan), Hawaii University (USA), AIT and Khon Kaen University (Thailand), Hohenheim University (Germany)

RESULTS

+ Training:

The department has directly instructed more than 350 regular university students from the 50th course.

+ Text Books:

Nguyen Thanh Lam, Vo Huu Cong (2012). *Environmental Research Methods*. Vietnam National University of Agriculture Publishing House

Ho Thi Lam Tra, Luong Duc Anh, Cao Truong Son (2012). Text book: Environment Management. Vietnam National University of Agriculture Publishing House

Cao Truong Son, Ho Thi Lam Tra (2020). Text book: Environment Audit. Vietnam National University of Agriculture Publishing House

+ Papers

86 articles in the period 2010 – 2020: 37 international (ISI/Scopus) and 49 Vietnamese articles

PROJECTS

- Apply waste audit techniques and propose solutions to reduce pig waste
- Analyze factors affecting the vegetable growers' adoption to conservation agriculture techniques in Gia Lam District
- Evaluating the environmental impact of solid waste incineration of Khe Giang solid waste treatment plant, Thuong Yen Cong commune on agricultural production of surrounding households.
