

COURSE SYLABUS (Code: CN03504) GOAT AND RABBIT PRODUCTION

1. General information

Course: Goat and Rabbit production (CN03504)

Credits: 2 (Lecture: 1.5 – Practice: 0.5 – Self-study: 6.0)

Training program: Animal Science (Option 1: Animal production & Health, Option 2: Animal nutrition & Feed technology)

2. Expected learning outcomes (ELOs)

Notation	Course expected learning outcomes After successfully completing this course, students are able to	Program expected learning outcomes
Knowledge		
K1	Evaluate technical procedures in animal breeding, nutrition, feed and animal health	ELO 3: Evaluate the efficiency of animal breed production, nutrition and animal health
Skills		
K2	Distinguish carcass performance and meat quality of goat and rabbit based on dissection results	ELO 5: Apply effectively creative and critical thinking, and problem-solved skills to scientific research and professional practice
K3	Compose the report on nutritional needs of goat and rabbit based on the information collected from internet and library	ELO 7: Communicate effectively using multimedia, adapt well in multi-cultural environment; meet the required standards of English proficiency issued by Ministry of Education and Training

3. Brief descriptions

Chapter 1: Overview of goat and goat production

Chapter 2: Breeds and breeding program of goats

Chapter 3: Nutrition and feeds for goats

Chapter 4: Housing for goats

Chapter 5: Technical care and management of goats

Chapter 6: Overview of rabbit and rabbit production

Chapter 7: Breeds and breeding program of rabbits

Chapter 8: Nutrition and feeds for rabbits

Chapter 9: Housing for rabbits

Chapter 10: Technical care and management of rabbits

4. Learning methods

- Students read the textbooks and references by themselves,
- Participate in class discussion

- Find references, discuss
- Practice
- E-learning: Find and look up references; do homework

5. Assessment methods

- Grading scale: 10
- Average point: is the sum of the rubric scores multiplied by the weight of each rubric
 - + Class participation: 10%
 - + Mid-term test (Essay): 30%
 - + Final examination: 60%

6. Student tasks

- Attendance: Students must attend at least 75% of the class and participate in class activities (discussion in class and on e-learning system, etc.)
- Practice: Students must attend all practice content
- Complete the mid-term test and the final examination.

7. Key academic staffs
